DOG EVALUATION FOR SHELTER DOG (Usually no in-take call interview)

Please complete this form using a **computer** and email it within 24 hours of the evaluation to:

dogevaluation@emaildodo.com

Dogs can't talk, so they can't tell us where or with whom they would like to live. To ensure their home will be a safe, happy and an appropriate place, we need you to fill out this form in as much detail as possible. Detail and honest information from you is crucial to our placement process, so please take the time to fill in this evaluation with care and accuracy. Thank you.

Things to take with you:

- Extra leash & collar
- Digital camera
- Your dog on leash
- Tasty treats
- A ball and dog toy

How did the dog take the treat (gently, grabbed sharply)?
4. Walk away from the dog and then call him/her to you by name in a happy voice. How does he/she respond?
5. Issue a few basic commands; i.e. sit, down, stay, etc. Describe his/her reaction:
6. Introduce a toy or ball to the dog and describe how he plays with it:

We realize that adding the following steps to the evaluation makes it a bit more difficult for you; but the information we get will really assist us in better understanding the personality of the dog and enable us to place the dog in the appropriate foster home. We don't want to have to move a dog after it has been placed in a foster home; as that's difficult for all concerned.

INTRODUCING YOUR DOG:

Note: A shelter dog with whom the dog in question is not familiar may be used in lieu of your own dog. Also, if the shelter has conducted a dog to dog test with acceptable results, it is not necessary to complete 1 & 2 below.

1. What is your dog's age? Gender?

Be sure toys are put away before introducing your dog. It would be a good idea to have the shelter staff put the dog on leash and meet you and your dog (also on leash) outside in a neutral area.

2. Watch carefully to how the dog responds to your dog and describe what you see:

LAST BUT NOT LEAST!

1. Ask the shelter staff for any other information they may have about the dog:
2. Please list any other information you think is important to note:
